this is
lightning

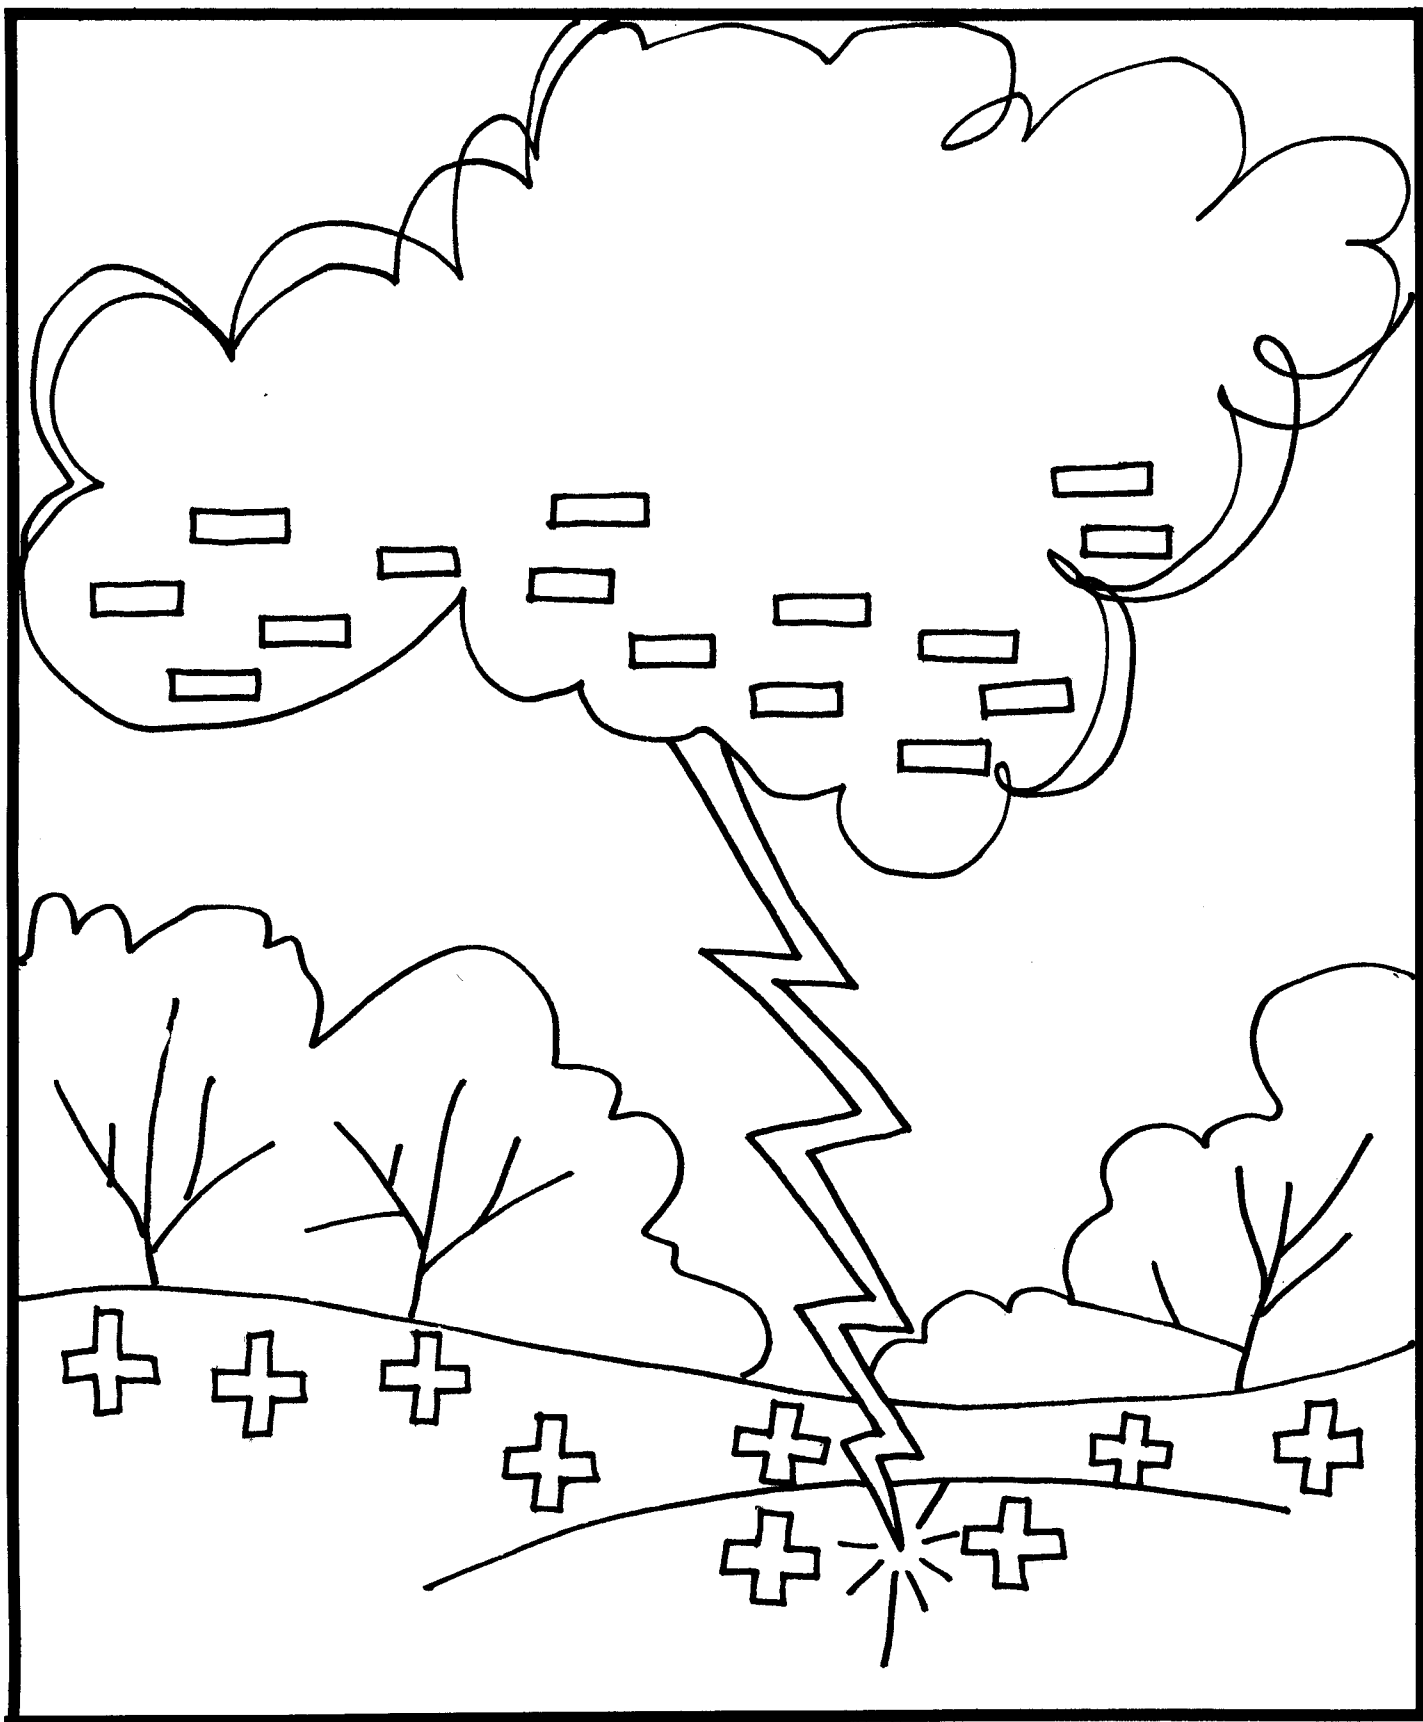

LIGHTNING IS PRETTY. IT CAN BE DANGEROUS.
WHEN LIGHTNING LIGHTS UP THE SKY, IT'S PRETTY.

WHEN YOU ARE STANDING OUTSIDE IN A STORM
IT CAN BE DANGEROUS.

LIGHTNING IS JUST LIKE A BIG BATTERY. WHEN YOU TOUCH + AND - YOU GET A SPARK.

WITH LIGHTNING, THE + IS IN THE GROUND AND THE - IS IN THE AIR. WHEN THEY TOUCH, LOOK OUT.

LIGHTNING STRIKES TALL OBJECTS LIKE TREES.
NEVER STAND UNDER A TREE DURING A STORM.

BUT LIGHTNING CAN ALSO STRIKE PIPES AND TELEPHONES. **NEVER** TOUCH PIPES, TELEPHONES, OR ANYTHING ELECTRIC DURING A STORM.

A CAR IS A VERY SAFE PLACE TO BE DURING A THUNDERSTORM.

1 THUNDERSTORM
2 THUNDERSTORM

3 THUNDER-
STORM
4 THUNDER-
STORM
5 THUNDER-
STORM

THUNDER IS THE SOUND LIGHTNING MAKES. TO SEE HOW FAR AWAY LIGHTNING IS, COUNT LIKE THE KIDS ABOVE. FIVE THUNDERSTORMS EQUALS ONE MILE.

HOUSES CAN BE PROTECTED BY VERY SPECIAL AIR TERMINALS.

THEN YOU CAN WATCH LIGHTNING STORMS.
LIGHTNING IS VERY PRETTY.

DRAW YOUR OWN PICTURE HERE.
